# WHERE AM I?

Since 2007 these rooftop spaces at Peckham Multi-Storey Car Park have been home to not-for-profit organisation Bold Tendencies which is unique in terms of the rich mix of what it does, and where and how it does it.

We commission site-specific art (107 works have been shown here since 2007) and new architecture (Frank's Cafe in 2009, the Straw Auditorium in 2010 and the Peckham Observatory in 2017) and we produce an ambitious live events programme of orchestral music, opera, dance and literature.

Bold Tendencies is for everyone. We animate the programme and the site for schools, families and the neighbourhood through standalone education and community initiatives that take culture and civic values seriously.

We have a wide and growing audience and we have welcomed more than 2 million people in our 13 summer seasons since 2007. With immersive public spaces and spectacular views across London, the project celebrates the free enjoyment of public space in the city.
