TENDENCIES

Set in a former multi-storey car park boasting original brutalist concrete architecture throughout, **Bold Tendencies** is a vibrant location ideal for commercial filming and photo shoots.

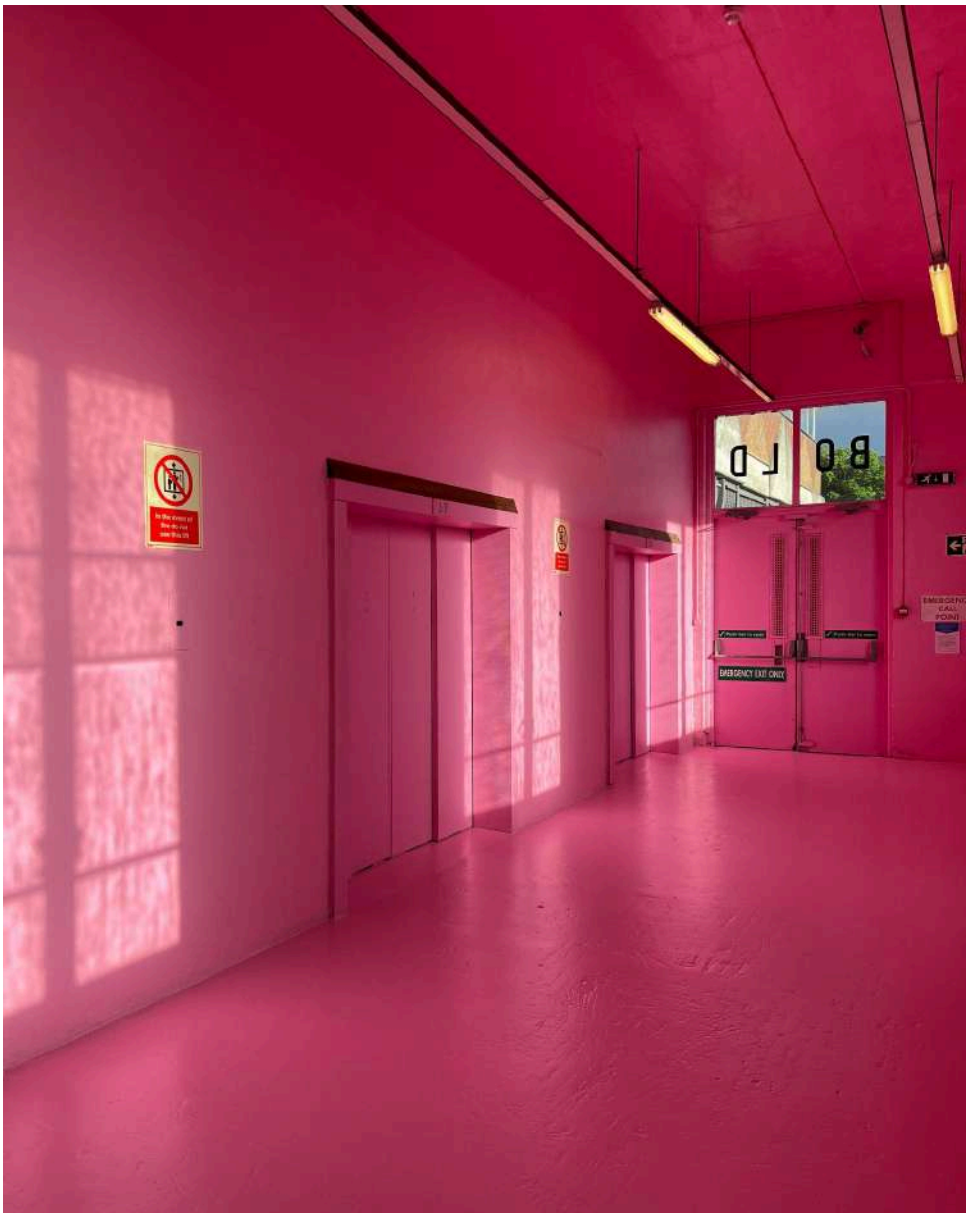

In combination with Bold Tendencies' own unique architectural interventions across the site, the location offers a range of contrasting conditions - from raw concrete to warm wood; garden greenery to bubblegum pink; spectacular cityscape views to commuter railway lines - all in the same location.

Offering over 5000m$^2$ across four floors, Bold Tendencies is able to accommodate editorials and commercial campaigns, TV and feature films and much more.

If you are interested in hiring Bold Tendencies please email us with the dates you would like to hire, number of hours, purpose and number of people attending - hires@boldtendencies.com. Please note that we are not able to hire out Bold Tendencies for art exhibitions, fundraising activities or publicly promoted events.

Bold Tendencies is a nonprofit arts organisation started in 2007 in Peckham, London. All proceeds generated from private hires supports Bold Tendencies' non-profit summertime activity. More information about this can be found on our website - www.boldtendencies.com.

Bold Tendencies is open to the general public annually May-September. It supports artists to realise site-specific projects and present live performances from its rooftop home. We run a free creative learning programme for local schools and community groups.
